Alexandria, VA 22313-1450

Mail Stop:Non-Fee Amendment

Sir:

Responsive to a Restriction Requirement mailed 05/18/2006, in which restriction of claims 1-39 was required, the Examiner is reminded that claims 1-39 were withdrawn, and claims 40-45 added, by a Preliminary Amendment filed concurrently with the patent application. Therefore, the Restriction Requirement was inappropriate, and should be withdrawn. The aforementioned Preliminary Amendment also changed the title of the patent application to that shown in the caption.

Respectfully submitted,
